“The working experience at DA&MBG Architects was very valuable from the point of view of the teamwork, exchange of ideas, design methods and workflow between students with different cultural and educational backgrounds.”

- Anna Lisa, Italy

“I am very thankful for all the hospitality and for everything that has been thought to me here, where I truly believe I had a very important experience for both my life and my future career.”

- André, Portugal

“The workload was very well organized and balanced, with a lot of emphasis on conceptual and graphic projects for international competitions, which was a new and exciting experience.”

- Claudia, Romania

DA&MBG Architects is one of the most prominent architectural design studios in Istanbul. DA&MBG Architects owns a comprehensive portfolio of projects in diverse building types. Our firm also joins international design competitions and has won several awards. DA&MBG Architects also offers architectural consulting and construction services.

As an architectural design studio that urges to gain international reputation, we are delighted to accept applications from all over the world.

**A life-long experience  
in the heart of Istanbul”**

Our office in Üsküdar – one of the most important historical places of Istanbul – is opposite the Maiden’s Tower. With the view of the historical peninsula and the most important point of the Bosphorus where you can see the silhouette of Istanbul, we provide you a pleasant working atmosphere. As DA&MBG Architects, we aim to improve you with exhibition, exposition, architectural technical visits, and symposium besides office study. We aim to relax you after tiring studies with social activities and make you take advantage of the Erasmus program in the most effective way.

As DA&MBG staff we will be happy to see you with us.  
Your welcome to DA&MBG Architects.
